## Bowlapalooza

Objective: To provide a bowling option to the center's youth bowlers after a local travel league folded. This product needed to challenge the bowler while growing a team environment

Target: Ages 8-15 yr old travel league bowlers
Concept: Bowlapalooz is a weekly league consisting of singles, doubles, and team competitions while adding an overall individual championship recognition. The bowler would use their average from Saturday morning for any event. Bowlers received a participation point for bowling. ## Week 1: 9-Pin No Tap

Week 2: Over/Under Doubles - Teams were put together based on ages with 1 bowler being under 12 and the teammate being 12 or up. Each person bowled 3 games and their total pins plus handicap determined the winner.

Week 3: Low Ball: Lowest score wins. If a gutter is thrown it counts as a strike.
Week 4: Baker Doubles: Bowlers were randomly drawn from a hat and paired together to bowl 6 baker games.

Week 5: 4 regular league games
Week 6: Dutch Doubles; Team were randomly paired together bowling 5 games in a Dutch Doubles Format

Week 7: Survivor: Each bowler bowled 3 games then cut to top 8 bowlers who then competed in a bracket to determine the winners

Week 8: Colored Pin: Bowlers bowled 3 games with colored pins. Free Game pass was given for strikes with the colored head pin

Week 9: High/Low Doubles: teams were paired up randomly with bowlers average over 140 and bowlers under 140

Week 10: Bowling Bingo - Bowlers working towards completing a bingo card
Week 11: 44 Frame Frenzy - A spin off of the Forty Frame Game
Week 12: Mix / Match: Each game was a different format starting with 3-6-9, then regular 10 pin, followed by no-tap

Week 13: Tribal Bowlers were placed in tribes of 4 . Bowlers bowled 3 games competing amongst their tribe. Top score from each tribe then competed against the other tribal winners bowling 1 game elimination format until a champion was declared. Each bowler within the winning tribe received a bowling pin that was hand painted by a parent volunteer.

## Bite Size League

## Thursday Night Summer Singles Starts June 10th, 2021

## Known as the "One Week" League since you don't have to be there every week to bowl

If you for some reason you don't like the league there is no commitment but we know you will love it.

## Explanation:

Everyone bowls 3 games each night, each game you draw to see who you bowl and what lane you will be on
The winner of each game with handicap will receive one point
Each night the top 3 points winners will advance to a one game roll-off for $80 \%$ of the prize money collected that night. Ties will be broken by pins over average

The top 5 points leaders for the season will bowl for the other $20 \%$ of the prize money collected and left-over sponsorship money from Mercy Hospital

Like a mini tournament each week with a season finale at the end of the league
Optional Calcutta for bowlers who want a little more action. Bet on yourself or on other bowlers to make the top 3 each night

## Benefits

$90 \%$ of a 210-average handicap make league fair for everyone, beginner to pro
Competition that is ruled by fun
Bowl only the week you are available
Pay for only the weeks you bowl
Since you bowl as your own team there is no teammates to let down if you bowl bad or miss bowling that week

A drawing for a points multiplier is done prior to bowling each week, gives people with fewer points a chance to catch up on the season

Points can be doubled or even triple each week with the multiplier

People who didn't bowl in a league at Dynasty Lanes during the 2020-21 season will get a free month of practice bowling ( $\$ 70.00$ Value)

Current bowlers who sign up new bowlers will also get a FREE month of practice bowling
