**** Clam Corporation cannot honor warranty without an original, dated receipt ****

Warranty Information

CLAM Corporation warrants to the original retail purchaser its product be free from manufacturers defects for one (1) year from the date of the original purchase. Clam Corporation will replace or repair (Clam's option) any part found defective within the one (1) year time limit. All parts must be returned to Clam Corporation. Before returning any parts, you must first call or write and acquire a return authorization. All returns must be returned postage-prepaid and include the original cash register receipt (date and purchase price).

To obtain a return authorization, please use one of the following methods:

- **Email:** CustomerService@ClamCorp.com (Preferred)
- **Call:** 763-231-4120
- **Write:** Clam Corporation
Attn: Customer Service – Returns
12135 Brockton Lane N.
Rogers, MN 55369

The warranty does not apply to any Wear Runner Kit which has been subjected to an accident, improper installation, modification, adjustment, repair, misuse, misapplication, neglect, including but not limited to improper maintenance, or use of unauthorized parts or attachments.

Information needed: Full name, mailing address, phone number, copy of original receipt, product purchased, and pictures clearly showing the issue(s) if you have them. **Please write the return authorization number on the outside of the package to help ensure the transaction gets processed swiftly and accurately.**

- Limitation of Liability -

It is expressly understood that Clam Corporation's liability for its products, whether due to breach of warranty, negligence, strict liability, or otherwise, is limited to the repair of the product as stated above. Clam Corporation is not liable for any injury, loss, damage, or expense, whether direct or consequential, including but not limited to loss of use, income, profit, or damage to material arising in connection with the sale, installation, use of, inability to use, or the repair or replacement of Clam Corporation products. Clam Corporation reserves the right to make alterations or modifications in its products at any time, which in its opinion, may improve the performance and efficiency of the product. It shall not be obligated to make such alterations or modifications to products already in service.

Runner Kit Installation

1. **Position the strips on the base. Using a 3/16" or slightly larger drill bit, drill a hole through the strip and base starting at the curved end of the base.**
2. **Hand-thread a fastener to hold the strip in place so that you may then bend the ends around the curved area before drilling the remaining holes.** *(If you have trouble bending the Wear Strip to the contour of the base, use a heat gun or hair dryer to make the Strips more pliable before drilling. Also, apply a small amount of grease to threads of screw to prevent seizing of threads.)*
3. **Drill a second hole through the strip and base and hand-thread a fastener to hold the strip in place.**
4. **Keep repeating this procedure, evenly spacing the fastener holes as you go. Hand-thread fasteners in the remaining holes and then tighten all fasteners when they are all installed.** *(Note: Extra hardware may be included for different model variations as well as an additional runner for the X1 which only needs five.)*
