INTRODUCTION and MISSION

Thank you for your interest in the Daily Breath Pilates (DBP) Teacher Training Program. DBP offers one of the most effective full Body Conditioning Fitness Method.

Our goal is to provide Trainees information and skills to teach a safe, fun and challenge DBPilates Class.

The Daily Breath Pilates, LLC is a California Limited Liability Company with EIN 47-3632534, which has been active since 03/30/2015. The owner is Renata Oliveira. Daily Breath Pilates has been offering teacher training since 2015.

“DAILY BREATH PILATES TRAINING PROGRAM”

The Daily Breath Pilates Teacher Certificate Program is an International teacher program that has a flexible classroom schedule and is taught by PMA®-CPT qualified teacher Renata Oliveira. The program is structured in Four-modules:

- 1) DBPilates Foundation,
- 2) DBPilates Mat,
- 3) DBPilates Reformer,
- 4) DBP Springboard, that allows flexibility in program delivery and trainee attendance and combines Classical and Contemporary Pilates Style with new techniques and developments in exercise science.

Four-level modular pathway to the Daily Breath Program allows you to progress at your own pace. Students may earn a certification at each level by attending all modules, successfully completing assessments and submitting logged hours. To earn the Daily Breath Pilates Full Certification, you must complete all program levels and logged hours, and receive passing scores on all assessments. Our expertise will give you a well-rounded education to be prepared with the challenges presented with a wide range of clients and bodies. After this program you will be able to teach both group classes and individual sessions at any fitness facility or on your own. Program is based on Classical Pilates Method, Contemporary styles and other types of conditioning training which we feel is of great importance to prepare you or any teaching environment.

Have I not commanded you? Be strong and courageous. Do not be afraid; do not be discouraged, for the LORD your God will be with you wherever you go." Joshua 1.9

DIRECTOR'S CREDENTIALS AND BIO

Renata Oliveira, the creator of “Daily Breath Pilates Method,” has over 20 years teaching experience in the field of Exercise, Pilates and is PMA Certified Instructor. She had her bachelor degree in Exercise Science in 2000 and in Nutrition in 2005. Their basic Pilates training (Polestar Pilates) began with more than 450 hours in intensive weekend training workshops, anatomy classes, observing, assisting, and teaching under certified Pilates instructor, and self-directed practice to gain proficiency in the Pilates Method. In addition to the basics, Renata has complimented their traditional training with workshops in Pre-natal Pilates, Osteoporosis, Unwinding scoliosis, Advanced Level Pilates workshops and both continue to increase their knowledge and understanding of the human body through continuing education (Classes, Workshops, and Pilates Conferences). During that time she has taken some workshops under first generation teachers – Lolita San Miguel and Ron Fletcher. She created this Pilates training program because she felt that there was a gap between the information offered in basic Pilates training programs and other types of conditioning training. She created different type of classes: Courageous Pilates and Brazilian Butt. Our hope is that this program will provide the foundation to work with a wide assortment of people and varying bodies.
