# Free Period Products Required in Minnesota Schools & Colleges

## What is HF 2497?

HF 2497 is a significant step forward in supporting the wellbeing and education of students in Minnesota. It ensures that students have the access they need to essential menstrual supplies, free of charge. This is more than a law; it is a commitment to empowering students and removing barriers to education.

## Requirements

### Free Access

All public & charter schools and colleges in Minnesota must provide free period supplies to students, starting with 4th grade.

### Accessible Locations

Supplies must be easily accessible in a convenient location.

### Diversity of Products

A range of products, including pads or tampons, must be offered to meet diverse needs.

## Available Products

At Dalco, we offer over 72 feminine hygiene products, from tampons and pads to dispensers and disposal receptacles. No matter what options you plan to offer, we have the right product for your facility.
