

ELECTRIC VEHICLE CHARGING RATES

Residential and Commercial Electric Vehicle Charging Rate

Available: Within Elk River Municipal Utilities (ERMU) established service territory.

Applicable: To single family residences, non-demand and demand customers receiving service under another rate.

Electric Vehicle Charging Rate: This Program is available to all customers of Elk River Municipal Utilities (ERMU) that own an electrically powered vehicle used for on road transportation. Charging of the vehicle can occur any time but will be subject to on-peak and off-peak energy charges per hour daily. On-peak hours are Monday through Friday between 10 AM and 10 PM. Off-peak hours are Monday through Friday between 10 PM and 10 AM, Saturdays, Sundays, and the following holidays (New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day).

To qualify for the special rate, the customer shall provide:

- 1. Electric vehicle charging station that is used for the sole purpose of charging electric vehicles. This charging station must be 240 volt.
- 2. Customer is responsible for installation of the additional meter socket in a mutually agreed upon location.
- 3. Inspection by a State Certified electrical inspector of all metering equipment and provide an affidavit to ERMU when completed.

Elk River Municipal Utilities shall provide:

- 1. All on-peak electric energy consumed by the electric vehicle charging equipment will be at the summer rate of \$0.1270/kWh for the five monthly billing periods of June October, and the winter rate of \$0.1160/kWh for the seven monthly billing periods of November May.
- 2. All off-peak electric energy consumed by electric vehicle charging equipment will be at the rate of \$.0602/kWh.
- 3. The rate is subject to application of the Power Cost Adjustment (PCA).
- 4. This equipment will be available for charging at applicable rates 24 hours per day and is not subject to any load control strategies.
- 5. Electric meter.
- 6. Final inspection prior to meter activation to ensure only qualified loads are being supplied through the electric vehicle charging equipment.

<u>Public Electric Vehicle Charging Rate:</u> This rate is available to anyone charging an electric vehicle or plugin electric vehicle at a public electric vehicle charging station owned and operated by ERMU within the ERMU service territory. All persons must have an active ChargePoint account or have the capability

Electric Vehicle Charging Rates

to create a ChargePoint account prior to utilizing the charging equipment for an electric vehicle or plugin hybrid electric vehicle.

To charge at the public charging stations customers shall:

1. Utilize their existing ChargePoint account or create a new account using a credit or debit card prior to charging the electric vehicle or plug-in hybrid.

Elk River Municipal Utilities shall provide:

- 1. Access to public electric vehicle charging stations located in the ERMU service territory.
- 2. The chargers will be either level two (240 volt) or DC Fast Charging (480 volt) charging equipment.
- 3. Electric energy consumed at the level two charging stations will be at a rate of \$0.1500 per kWh at all times.
- 4. Electric energy consumed at the DC Fast Charging station will be at a rate of \$0.2000 per kWh at all times.

Adopted December 11, 2018 Revised January 8, 2019 Effective January 1, 2019
