Why Can’t We All Just Get Along? - Hilliard Women in Business Luncheon May 15

Join us at the Reception House at Raymond Memorial by Schmidt’s for our next Hilliard Women in Business Luncheon on Wednesday, May 15th from 11:30am to 1:00pm.

While the Millennials comprise nearly one-half of today’s workplace, the Z’s are coming in behind them, and the Boomers and Xers are still alive and kicking. All of these generational demands are creating havoc in the workplace or are they? We’ll take a look at the four major generations in today’s workplace, what defines each one, and the threads that tie us all together.

We’ll explore how to attract, engage, and retain today’s workforce, and how to build relationships that last beyond the resignation letter.

Our guest speaker, Sharon DeLay, has owned her own business since 2002 and is a wealth of knowledge in the HR industry. Sharon holds an MBA and undergraduate degrees in Human Resources, Education, and Communication. Sharon holds her SPHR (Senior Professional in Human Resources), her SHRM-SCP (SHRM Senior Certified Professional), and her Certified Professional Résumé Writer and Certified Professional Career Coach certifications, and is also Health & Accident licensed.

Reservations are required to attend this event and can be made on our website. Thank you to Credit Union of Ohio for sponsoring this luncheon.

Blue Oak Patio & Landscape is not your typical landscape installation company. Founded in 2018, Blue Oak was started with the belief that a landscape company can do something more impactful than simply install pretty plants and pavers.

How we do it? Our well-designed landscapes and patios, and our attention to detail during installation, creates spaces for people to live the lives they want to live. Our professional interaction, careful attention to the desires of the homeowner, and striving to provide service that goes above and beyond creates a total experience that you will not get from any other contractor. We treat all our employees with respect, pay them a fair wage, and encouraging constant self-improvement opportunities. The Earth is our canvas, so we constantly strive to improve how we care for the environment and to become a more sustainable company. Additionally, we donate 1% of our sales to the Hilliard Food Pantry and have installed a garden for growing food donations.

Whether it is for a paver patio for entertaining, improved curb appeal, or a comprehensive plan for your property, we focus on creating unique solutions that fit your needs. Our two designers have a combined 25+ years of experience and stay on top of the latest trends, plants, and hardscape materials. Our installation crews have many years of experience in the field and take an artistic craftsman approach on each project. We do things the right way so that you can be sure your project will stand the test of time.

We look forward to earning your trust and helping you to create new “Spaces for Life” as we work together to make your world and ours a little bit better place.
