according to the course schedule. Excessive absence, tardiness, non-participation, failure or refusal to do the work associated with the program, and violating the rules of conduct of the ashram, are grounds for dismissal from the program - without a refund.

Academic Honesty

We strive to be a morally grounded community with ethical guidelines, based in peacefulness and compassion. Our approach to Yoga is grounded in the Yama and the Niyama (see student's handbook) and similar teachings. Academic and community integrity is essential in the pursuit of truth and knowledge and our dedication to the process gives the Kula Kamala Foundation community credibility. Actions that dishonor the code set by Patanjali's Yama and Niyama may be reason to remove a student from the program without refund.

Dishonesty in any work is regarded as a serious offense and may result in removal from the course and dismissal from the program with no refund. Academic dishonesty is any act of cheating, fabrication, plagiarism, abuse of resources, forgery of academic documents, dissimulation, or sabotage, and any act of aiding and abetting academic dishonesty. Kula Kamala Ashram assumes the academic integrity of its students. In cases where academic integrity is in question, the following definitions and policies will apply:

1. Dishonesty - Examples of dishonesty are copying someone else's homework, copying someone else's test, copying a homework partners report and submitting it as your own, using an unauthorized "cheat sheet", inventing of any information, citation, source, or data in any academic exercise.

2. Plagiarism is the use of the words and ideas of another as one's own. Plagiarism includes failing to give a proper citation for using work from any other person or source. Modifications and rephrasings do not reduce the requirement for giving a citation. This also applies to information obtained electronically, such as from the Internet. Students should always be mindful of the intellectual rights and copyrights of others.

3. Fabrication of Information, including false excuses for behavior such as missing classes, postponing tests, handing work in past the due date, turning in a paper for one class that was originally written by another student, in another students handwriting, or for another class when original work is requested.

4. Abuse of resources is the damaging of any resource material or inappropriately limiting access to resource material that is necessary for academic work. Abuse includes hiding ashram materials, removing ashram property from the premises without permission, and failure to return such materials when requested by the ashram.

INITIALS _____

5. Forgery of academic documents is the unauthorized changing or construction of any academic document including transcripts, grade sheets, grades on papers, and forging signatures. Forgery includes the omission or falsification of any requested information on applications or any other document completed and upon which admission to the program relied.

6. Aiding & abetting academic dishonesty is knowingly facilitating any act defined above.

Procedures for Dealing with Academic Dishonesty

A faculty member who perceives or is informed of academic dishonesty will first inform the student of the allegation. If necessary, the faculty member will then report the action with evidence to the program director. The program director will then meet with the student and based upon the student's explanation, determine if the action warrants removal from the program. There will be no refunds when a student is removed from the program for unethical behavior, nor if a student leaves a program voluntarily for any reason. The student will be informed in writing by the program director of any complaint/decision regarding their status as a student.

Student Complaint and Grievance Procedure

Students may bring their complaints to the Director of the Ashram to attempt resolution. If the situation cannot be resolved the student may bring their complaint to an outside person of their choosing. The Foundation must be notified formally of any and all student complaints within 30-days after a student discontinues a program. All complaints, resolutions and evidence associated with the complaint will be documented in the students file. The filing of a complaint will not effect the student's academic standing in any way.

Cancellation of Enrollment Contract

You may cancel your enrollment contract, in writing only, at any time prior to 14 days before the start date of the program. Such a timely cancellation will entitle the student to a refund of any tuition paid less a \$250 administrative fee and less their \$100 application fee. The application fee is non-refundable and is not counted toward tuition. In the event of a dispute over timely notice, the burden rests with the student to prove they submitted the proper request in a timely manner. There are NO refunds for any tuition paid if the student withdraws during the fourteen days prior to the start date of the course, or at any time once the course has begun.

Unfair Business Practices

Kula Kamala Foundation will not sell or transfer this contract or promissory note without the signed written consent of the student or his/her parent or guardian.
