ST. JAMES HOTEL

Minnesota Chemical is proud to be a longtime laundry partner of the renowned St. James Hotel, a locally and family-owned business for many decades. Open since 1875, this luxury hotel in Red Wing, MN, is set amid the iconic Mississippi River and its majestic bluffs. Past guests range from presidents and riverboat captains to world-class ski jumpers, Mark Twain, Bob Dylan and a vaudevillian or two. The St. James features elegant spaces for weddings and business meetings, as well as both fine and casual dining experiences.

Enjoy your next Red Wing getaway in an historic hotel suite with freshly-cleaned-and-pressed sheets courtesy of made-in-USA, state-of-the-art Milnor washers, and Chicago Laser flatwork ironing equipment!

Bussard Cover Caps

Bussard's cover caps are available for containers and equipment of all kinds—for anything that needs to be ready-for-use, but which should be protected from contamination.

We sell all standard sizes for baskets and hampers, and custom-make covers for trucks, monitors... you name it!

Our cover caps are ideally suited for transporting clean or soiled linens, with elastic shock cords to hold tight against the rim of the container. They can be made to match your liners, or in attractive contrasting colors.

Available for containers and equipment of all kinds.

- Ready for immediate use
- Protects from contamination
- Comes in standard sizes
- Custom-made covers for trucks and monitors
- Can be made to match your carts
- Elastic shock cords hold tight against rim

Contact your Minnesota Chemical sales rep today to learn more or to place an order!

Prevent Dryer Fires

Some things just weren't meant for the dryer. Don't dry clothing that contains any of the following substances to reduce the risk of fire:

- | | |
|-------------------------------|-------------------------------------|
| ✗ Gasoline or machine oils | ✗ Dry-cleaning solvents |
| ✗ Vegetable or cooking oils | ✗ Thinner |
| ✗ Cleaning waxes or chemicals | ✗ Flammable or explosive substances |

Milnor Laundry Equipment and the Milnor Technical Knowledge Base

Milnor is a leading manufacturer of commercial laundry machinery based in Kenner, Louisiana. Milnor's Made-in-USA washer-extractors range from 25-700 lbs. capacity. Milnor's equipment is designed to serve a broad spectrum of customers, from OPL washers to automated tunnel washing systems that process 7,000 lbs. per hour or more, as well as dryers, material handling systems, and laundry computer networks.

Have a question about your Milnor equipment? Call Minnesota Chemical today, or search the Milnor Technical Knowledge Base at <https://www.milnor.com/technical-knowledge-base/>.

Equipment

RinSave saves water and formula time by special speeds and saving 1 or 2 rinses. MilTouch is touchscreen programmer with laptop programmability – transfer formulas by USB stick.

New Dryers at MSRP

- Huebsch HT055FN, Gas, 50#, Dual Digital Timers, Slimline, reversing, passes through 34.5" doorway, various voltages\$6,697
- 120#, 170#, and 200# dryers are available in reversing and with Galaxy Micro Control and OPT True Moisture Sensing Drying*
- Huebsch HT075FN, Gas, 75#, Dual Digital Timers, non reverse, various voltages\$7,010
- Huebsch HT075FN, Gas, 75#, Dual Digital Timers, reversing, various voltages\$8,388
- Huebsch HT075NN, Gas, 75#, Galaxy Micro Control, reversing, OPT True Moisture Sensing Drying various voltages.....\$9,502

All Huebsch dryers (except electric heat) have available in the basket CARE fire suppression including remote connect for cold enclosures.

Other Huebsch dryers in sizes from 25# to 200#. And ask about stainless steel cylinder and panels. Ask about **ADC** and **CLM** dryers in large capacities.

MSRP is a good BUDGET estimate of final washer or dryer price after discount allowed, freight and delivery added back in. Your price could be less!

SPECIALS IN STOCK: New R&B Wire RBSP-1000 Laundry Floor Scale, List \$2,607, special \$2,500 FOB MCC.

Call Us for Washer & Dryer Preventative Maintenance

In these times of employee shortages, we are proud to be able to offer preventative maintenance contracts to help you keep your laundry running well by minimizing chances for sudden repair needs!

DRYER PM

We can perform a variety of PM tasks recommended specifically for your dryer. We check the wear on your trunnion and bearing, check your burner tubes and clean them if necessary. We check belts for wear and alignment and clean lint from thermistors. If a thorough cleaning is needed, we can pull dryer fronts to remove lint.

WASHER PM

We check the water valves, drain valves, belts, motors. We change the oil or grease the washer as necessary and check out all operations of the machine. We regularly check anchor bolts for tightness and look for any leaks. If one or more of your washers have been idle for a few weeks, run them in a cycle to assure valves are working and keep seals in good shape.

FINISHING EQUIPMENT PM

We check out your ironer, feeders, and folders to see what adjustments need to be done or parts that need to be replaced. Your maintenance staff has the whole facility to take care of—let us take care of your laundry service needs.

Call today to ask for an estimate, and as always, please feel free to contact us with your service questions at 651-288-4857 or service@minnesotachemical.com.

Parts Ideas From Barb

Door Latch Parts for Washers and Dryers: Milnor, Huebsch, Speed Queen, ADC

We have parts for Alliance Laundry System washers and dryers (Huebsch, Speed Queen, older Cissell, Unimac, Ipso and some Continental), American Dryer/Whirlpool/Milnor dryer. These machines all have door locks and/or door latches, parts that need replacement solenoids, micro switches and latches. Milnor machines may have normally locked or normally unlocked door assemblies. Newer styles for many manufacturers have replacement parts instead of entire assemblies.

Alliance Laundry System dryer door latch kits are available—they come with the door latch, acorn nut, pop rivets and screw. The plastic door latch is plastic and wears over time. You can adjust the screw for many years before the whole kit needs to be replaced.

American Dryer and Milnor dryers also have door latches of a different style. The washer or dryer door must be shut for machine operation. Door safety circuits assure this.

Replacing parts proactively is cost effective—saving you money and avoiding down time.

For more information, please contact me in the Minnesota Chemical Parts Department at (651) 288-4849.

Alliance Laundry Systems dryer door latch kit

Milnor MILRAIL Monorail Systems

Milnor's MilRail® material handling systems for linen combine legendary durability with a highly engineered, easy-to-use control to provide a seamlessly integrated monorail system into your commercial laundry.

Available as semi-automated to fully-automated rail systems customized to fit each laundry's needs, MilRail gets your work off the floor and ready for processing—saving time, space and labor.
