

Our People: Meet Auggy Diaz

My name is Agustin Diaz, or Auggy for short. I am the newest addition to the Minnesota Chemical Company team. I was born in Evanston, Illinois, and grew up in Chilton, Wisconsin. This is my first time in the laundry industry, and I'm very excited to learn everything about it! I cover Eastern Wisconsin for supply sales and vended laundry equipment.

I studied at Lakeland University in Sheboygan, Wisconsin, where I graduated with my Marketing degree. I also played football there as a defensive player. Some fun facts about me: I'm the oldest of three, I have a two-year-old corgi, I just picked up golf this year, and I'm getting married in 2026!

Calendar of Events

Every Tuesday @ 10:30 AM - 11:30 PM Central - **Drycleaning & Laundry Institute (DLI): DLI Weekly Peer-to-Peer Zoom Meetings**; FREE; Share ideas and brainstorm with other professional cleaners from around the globe with weekly Zoom open discussions. Members may click to register.
<https://dlionline.org/events/>

October 2 @ 12:00 PM - 1:00 PM Central - **MAC Maintenance Masterclass; Zoom: THE PROGRAM: Routine Maintenance.** Learn best practices and DIY tips. Specialized Instruction New maintenance topic each month. Peer-To-Peer Interaction. Each session includes an open forum to discuss questions & tips. More information: <https://dlionline.org/event/9521/2025-10-02/>

October 6-10 - **Drycleaning & Laundry Institute (DLI): Introduction to Drycleaning Course**

DLI School of Drycleaning Technology 14700 Sweitzer Lane, Laurel, MD, United States

Master the art and craft of running a drycleaning business at the world's most advanced school for owners and operators. From removing stains, to designing your production plant, to returning like-new garments, to customers and all points in between, DLI's School of Drycleaning Technology will prepare you for an exciting career in a challenging industry.

SPOTLIGHT ON SEITZ: INTENSE® SOLVENT, VIVA GENIOX FOR MOLD AND MILDEW

Intense® Solvent

Intense® is a highly-effective next-gen solvent. Intense® is environmentally-friendly and contains no carcinogenic substances. Intense® is good for sensitive, high-quality textiles and features excellent stain removal. Prevents color bleeding. Less consumption, improved production. Easy ironing.

Viva Geniox – A great option for Mold and Mildew

Viva Geniox is an excellent bleaching and disinfectant agent for sensitive textiles with bactericide and fungicide action, making it compelling for mold and mildew applications.

Pair Viva Geniox procedure with Viva OdoSorb to ensure hygienically clean status, removal of unpleasant odors.

Ask your Minnesota Chemical supply sales rep for more info today!

Upgraded Miltouch™ Controllers

At this year's Clean Show, Milnor unveiled an upgraded MilTouch™ capacitive touch screen with finer screen precision and a new "simplified" interface available if desired, which can be toggled on and off, in addition to the tried-and-true Milnor MilTouch™ interface that allows for complete control of all programs, diagnostics, etc. New screens are reverse-compatible with older Miltouch machines.

New From Huebsch: Vended 55# Stack Dryers

New from Huebsch: 55# stack tumbler: two drying pockets and a capacity 10% larger than competitors. Perfectly suited for laundromats with high-capacity washer-extractors, the stack 55 helps drive greater revenue while maintaining the same compact size. Utilizes a 10" duct and ¾" gas line. Roughly 6" deeper than a stack 45#.

Equipment

New Milnor Washer/Extractors at MSRP

- 30015T6X, 40#, EP Express Micro, RinSave®, 4 Speed,
208/240/60/3\$20,595
- 30015VRJ, 40#, EP Plus Micro, Temp Control, RinSave®, 7 Speed,
208/240/60/3\$21,965
- 30015V8Z, 40#, MilTouch Programmer, Temp Control, RinSave®,
7 Speed, 208/240/60/3\$24,435
- 30022T6X, 60#, EP Express Micro, RinSave®, 4 Speed,
208/240/60/3\$21,965
- 30022VRJ, 60#, EP Plus Micro, Temp Control, RinSave®, 7 Speed,
208/240/60/3\$22,815
- 30022V8Z, 60#, MilTouch Programmer, Temp Control, RinSave®,
7 Speed, 208/240/60/3\$24,695
- 36021V5J, 80#, EP Plus, Temp Control, RinSave®, 7 Speed,
208/240/60/3\$32,445
- 36021V7Z, 80#, MilTouch Programmer, Temp Control, RinSave®,
7 Speed, 208/240/60/3\$38,335
- 36026V5J, 100#, EP Plus, Temp Control, RinSave®, 7 Speed,
208/240/60/3\$36,095
- 36026V7Z, 100#, MilTouch Programmer, Temp Control, RinSave®,
7 Speed, 208/240/60/3\$42,185

- 42026V6Z, 140#, MilTouch Programmer, Temp Control, RinSave®,
7 Speed, 208/240/60/3\$46,995
- 42030V6Z, 160#, MilTouch Programmer, Temp Control, RinSave®,
7 Speed, 208/240/60/3\$51,075

Rinsave saves water and formula time by special speeds and saving 1 or 2 rinses. MilTouch is touchscreen programmer with laptop programmability – transfer formulas by USB stick.

New Dryers at MSRP

- Huebsch HT055FN, Gas, 50#, Dual Digital Timers, Slimline, reversing,
passes through 34.5" doorway, various voltages.....\$7,207
- 120#, 170#, and 200# dryers are available in reversing and with
Galaxy Micro Control and OPT True Moisture Sensing Drying*
- Huebsch HT075FN, Gas, 75#, Dual Digital Timers, non reverse, various
voltages.....\$7,472
- Huebsch HT075FN, Gas, 75#, Dual Digital Timers, reversing,
various voltages.....\$8,945
- Huebsch HT075NN, Gas, 75#, Galaxy Micro Control, reversing,
OPT True Moisture Sensing Drying, various voltages.....\$10,128

All Huebsch dryers (except electric heat) have available in the basket CARE fire suppression including remote connect for cold enclosures. Other Huebsch dryers in sizes from 25# to 200#. And ask about stainless steel cylinder and panels. Ask about ADC and CLM dryers in large capacities.

MSRP is a good BUDGET estimate of final washer or dryer price after discount allowed, freight and delivery added back in. Your price could be less!

SPECIALS IN STOCK: New R&B Wire RBSP-1000 Laundry Floor Scale, List \$3,102, special \$1,000 FOB MCC.

MCC Service Tips

MILNOR POWER SUPPLY BOARDS AND DISPLAYS

A call we sometimes get with Milnor washers: customer indicates that when they start a wash formula, the washer goes into a countdown without starting the wash cycle. When a machine goes into a

countdown like this, it can mean one of two things: either the power supply board is out of adjustment or the power supply itself is bad. Contact us with your model and serial number for the proper voltage for your power supply board.

If your display isn't working properly, that could mean your control fuse is bad, the power supply is bad, or the display board is bad. First try the easy fix with the fuses—if the fuses are good, then the power supply or the display board is bad—which means it's time to call for service.

Please contact MCC service anytime M-F during regular hours with your service questions at 651-288-4857 or service@minnesotachemical.com.

Parts Ideas From Barb

PARTS IN PAIRS

Some parts should be ordered with secondary parts and components to ensure a timely repair.

Every situation is different but making sure you order any supporting components you may need to change out the main part is key. For instance, when you change a door gasket without applying the proper glue, the door gasket will fall off. When you replace a computer board, you may also need new software.

Here is a partial list of parts that are generally paired together:

- Ignition module + high-voltage lead
- Trunnion + bearings
- OPL Control + display board
- Door glass gasket + nylon washers
- Cold water valve + hot water valve
- Water hose + hose clamp
- Door bumper + glue

Double checking with me to make sure you have ordered all the components you need for your job saves you time and added expense.

As always, please contact me in the Minnesota Chemical Parts Department with any parts questions at (651) 288-4849.

Clockwise from left: Ignition module-high voltage lead; OPL Control board-display board; door glass gasket-nylon washers; door bumper and glue

Chicago Dryer: New Air Chicago 360 Universal Unveiled at Clean Show '25

To compliment the Air Chicago 360, Chicago has added a larger variant, the Air Chicago 360 Universal. The Universal adds 38" in length and 12" in width over a standard Air Chicago 360.

Ask your MCC rep how new Chicago finishing equipment might best improve your operation's efficiency and quality today.
