

## We have Moved!

The Minnesota Chemical Co. has moved into our new facility at 3750 Dunlap Street North, Arden Hills, MN 55112. Same website, same phones and emails.

We will be better able to serve you in our new home, just a few miles north of our former location.

Many thanks to all the MCC staff who worked so hard to complete the move. They were magnificent. We apologize for any inconvenience to customers.

## VISIT MILNOR FACTORY AT CLEAN 2019 – SEE PAGE 2!

### Super Saver

Milnor's 60 lb. capacity model 30022 VRJ provides three ways to save: **time**, **energy** and **water**. That's good for our environment. And great for you.

Milnor's E-P Plus® controller has pre-programmed wash formulas built right in to save you time. You can modify formulas or create and save up to 30 of your own. Our extra-large cylinder perforation means linens end the cycle retaining less moisture, speeding up dryer times to save energy. Save water with Milnor's RinSave® Water Saver technology. The VRJ can even fit through a standard 3'-0" door, which simplifies installation and saves space. That's even more savings. Super!

## Service Tips by Ed

### Washer movement during extract

I get called a lot about machines shaking during extract. What I find most of the time is machines are under loaded or over loaded. First let's talk about the proper way to load a washer.

When a washer is loaded correctly once the load is totally saturated and the basket stops when changing direction there should be an opening of 11:00 o'clock to 1:00 o'clock at the top of the load. Next you should check to see if all the anchor bolts are tight. If they are all tight see if the grout is broken or has come out. If you find bad anchors or bad grout you need to call me and set up to reinstall that washer before it gets damaged or somebody gets hurt. On soft mount washers you could have some bad shocks that need to be replaced.

## Parts Ideas from Barb

*Spring cleaning has now begun  
Order parts – get the job done!*

*With big laundries, small ones and medium size too  
We stock parts that are perfect for you*

*Different laundries have specific needs  
Stocking shelf parts is very smart indeed*

*Stop on by and see our new place  
Meet the staff and my smiling face*

## Milnor Visitor

Addison Jones, Field Service Technician, recently visited Minnesota Chemical Co. Addison was a great help at Milnor CBW start ups in Iowa at Iowa Veterans Home in Marshalltown, IA and North Iowa Textile Services in Mason City, IA. He worked on both projects with James Baker and our service techs.

Left to Right, Addison Jones, James Baker and Tony Crain.

## Job Opportunity in Eastern Wisconsin

Coin Laundry Store Owners or others who are interested in laundromats: We seek a full-time or possibly part-time person for Huebsch coin laundry machinery sales and supply sales in Eastern Wisconsin. Dan Baker of our Menomonee Falls office would like to talk to you. Call Dan at **414-708-5242** or email Dan at [dan.baker@minnesotachemical.com](mailto:dan.baker@minnesotachemical.com).
