Recognition

The Minnesota Chemical Company was recognized several times recently as valued distributor partners. James Baker was awarded the MILNOR Man - Behind the Scenes Award for Outstanding Achievement and Contribution. James earned the award by fully coordinating a very large and complicated laundry system recently for a MCC Iowa customer. Additionally at the MILNOR awards banquet, MCC was named the #12 MILNOR dealer worldwide.

Minnesota Chemical and Sankosha have a very special relationship. In 1992 Mr. Mitsuyuki Uchikoshi, the founder of Sankosha, came to Minnesota Chemical to gain knowledge about the dry cleaning market in the USA and to ultimately offer their first US distributorship to Mike Baker and The Minnesota Chemical Company. MCC gladly accepted and today remains a proud and successful distributor of Sankosha. At a recent private dinner at the CLEAN Show in Las Vegas, Mike Baker was hosted by the Uchikoshi family and presented with a very beautiful crystal tribute to our long and successful partnership.
