MCC Suppliers

2018 marks the 26th year that The Minnesota Chemical Company has distributed Sankosha pressing equipment. As the first Sankosha dealer in the USA, MCC has placed many top quality Sankosha shirt and garment presses throughout the Upper Midwest. At a recent sales event at the Sankosha USA in Elk Grove Village, the MCC sales team were trained on all of the current Sankosha units and received their 2018 Dealer Emblem.

MCC GIVING

This past Holiday Season the employees of MCC participated in a Giving Tree to benefit the families that attend and participate in the St. Paul Family Values for Life Program. Items collected included warm winter clothing and personal hygiene items. MCC also made a donation of laundry soap products to The Franciscan Brothers of Peace who operate a special mission of support to needy persons in the Midway area of St. Paul. MCC staff also enjoyed their annual Secret Santa gift exchange at their annual Holiday luncheon.

On Premise Laundries

More great ideas from Huebsch:

Huebsch 55# dryer fits through a nominal 36" door.

- Single phase reversing dryers are here. Normal breaker in 115/60/1 or 208/240/1. Put in a reversing dryer to reduce tangles and speed drying of large items.
- Direct Make Up Air option – now we can vent make up air direct to your new Huebsch dryer. No need to have a dryer enclosure. No more drafts.
- OPT Drying option – Overdry Protection Technology is moisture sensing drying. This reduces over drying – extending linen life, saves on utilities and means more loads per day. The load stops when it is dry!

Huebsch dryers on the assembly line in Ripon, WI.

**Their comfort is your job.
Your comfort is our job.**

The 30022 V8Z will improve your laundry's efficiency and help you deliver the freshest, cleanest linen to your patients.

Nursing Homes/Assisted Living

Save Green with IPU's Value Line Patient Item Carts

When purchasing PVC carts for your facility, go with the very best, IPU. Since introducing PVC health care equipment to the industry in 1985, IPU has gone on to set the standard using only furniture grade PVC along with durable fabric and high performance casters. Beware of low quality imitators. Specify IPU.

Coin Ops

Introducing: F2 – A 2nd Generation FasCard Reader

Full Color 3.5" Touchscreen Display

The F2 FasCard Reader is the only card reader in the industry with a full color touch display. Customers can easily interact with your machines and start their laundry via the easy-to-use interface. (Only with CCI)

NFC Enabled – No card needed. Pay via your smart device with Apple Pay, Android Pay and more. (Available in 2018)

5 Multi-Color Status LEDs – A feature unique to CCI, the F2 features multicolor LEDs that can blink and indicate status. Quickly look down a row of machines and see which are available, which are currently in-use, and which are out of service. (Only with CCI)

Dual Coin Inputs – The F2 can monitor multiple coin inputs so your customers can pay with multiple coin denominations. (Only with CCI)

Dry Cleaners

Sapporo ALL STEAM Irons

- Complete with 2 hoses!
- Rugged stainless steel construction
