

# Weddings

Congratulations on the joy of your upcoming wedding! Learning to dance for a wedding can be super fun and we love to work with wedding couples/fathers of the bride/mothers of the groom/ full wedding crew of family & friends! We can help make your wedding day more enjoyable and successful with the bride and groom's "first dance" to their special song. Whether the goal is a simple one – to feel more natural and confident on the floor with the basics – or a larger goal of something more advanced, we can help to create your special dancing debut!

## Wedding Couple
