CompuSport:

- This is an app used at many tournament's, so some may be familiar, it is also used for tracking your leagues. It will eventually take the place completely of scoresheets. So....get familiarized with it and feel free to start using it to enter your scores. We have some videos on our website at Mwcoin.com under our Menomonie pool to walk you through the process. Both team captains need to approve before the scores will be submitted so both captains will need the app.

Thanks all and have a great season!
