

GET YOUR BUSINESS
BACK ON TRACK. **FAST.**

LET CASTROL® HELP WITH **FREE COOLANT.**

IT'S MORE THAN JUST OIL. IT'S LIQUID ENGINEERING.®

FIRST FILL FREE IF YOU SWITCH TO CASTROL®. **A DEAL THAT'LL SAVE YOU COLD, HARD CASH RIGHT OFF THE LINE.**

Like Ryan Newman and the Roush Fenway Racing team who have just returned to live racing, you might be preparing to get back up to full speed after a full or partial shut-down. Or maybe your operation continued creating essential parts during the crisis. Either way, let Castrol help you with big savings on coolant.

For facilities in the U.S., Castrol will provide enough **free test coolant** for a two-month trial in a single machine. If you decide to switch your remaining machines (minimum 10 total) to Castrol, we will provide the **initial fill free** for those machines, too. That's a **savings of up to \$4,000** on 25 machines.

Contact us today at **888-CASTROL** to get the ball rolling.

CASTROL HIGH-PERFORMANCE SOLUBLE CUTTING OILS help reduce coolant use and prolong system life and cover a wide range of materials like aluminum, cast iron or other ferrous alloys.

CASTROL FULL SYNTHETIC CUTTING FLUIDS deliver extremely high cutting and grinding efficiencies for high speed processes. They reduce biocide use, extend tool life and ensure a quality surface finish.

Offer is good on all Castrol coolants sold in the United States. Promotion period runs May 15 – December 31, 2020.

Limited to customers/machines not currently running Castrol coolant.

All products and services supplied are provided under Castrol Industrial's standard conditions of sale. Please consult your local Castrol expert if you require any further information.
