

You've likely heard of Saz's, whether from a visit to the State House Restaurant on 55th and State for their award-winning ribs or a Sampler Combo Platter at a local summer festival. But did you know Saz's Hospitality Group is so much more than BBQ and Mozzarella Marinara? With three distinct catering operations for on and off-premise casual and formal events for 20-20,000 guests, a retail product line in over 300 local stores, an industrial-chic Walker's Point event venue, a brand new penthouse event space on the east side with panoramic views, and so much more, Saz's continues to expand on its legacy as a Milwaukee institution.
