

WHY CHOOSE WIRED TELCOM

Every day, franchises across the US rely on WIRED to power their business communications. They choose us because we're proven at cutting costs while better connecting employees and customers through quality service. They stay with us because our reliability, customer care, and innovation keep their businesses on top.

24/7 Complete Support

Our customer support is second to none. That's because every customer has access to the most knowledgeable and friendly staff to handle any request. It all starts with a strategist who works with you 1 on 1 to review your plans, tailoring everything to work exactly the way you need. Beyond setup, you'll have an account executive and our U.S.-based customer care center 24/7.

99% Customer Retention

One thing our customers love most about WIRED IT support is it's unlimited. Communication solutions combined with the simplicity and reliability they need, simple to set up, simple to update, and simple to maintain. WIRED Telcom delivers the reliability they expect.

36 Month Financing

No one else comes close to delivering the reliability, quality, and support that your business demands. We're so confident you'll be satisfied we're one of the only providers to offer 36-month financing options for new build construction and major upgrades.

WHAT OUR CUSTOMERS SAY

#1 Reason Customers Choose WIRED Telcom

One partner for all IT+ communication needs for the franchise. Past performance is one of the best indicators of how well a solution will perform for you in the future.
