

Mike Thompson is the President & CEO of DENIOS North America, part of the DENIOS AG group, the global market leader for the design and manufacturing of thermotechnology storage systems, technical safety buildings and chemical storage products for environmental protection and workplace safety.

In his role, Mike leads all business activities for DENIOS, Inc., DENIOS Ltd. and DENIOS Environmental & Safety S. de R.L. de C.V.

Prior to joining DENIOS, Mike spent 20 years working in various technical and business roles for global market leaders such as Siemens, BorgWarner and Makita. Mike has led global businesses, multi-national teams and multiple factory operations. While at Siemens, he served as Vice-Chair of the Board of Directors for SSCX, a rail signaling joint venture company in China.

Mike holds an MBA degree from Emory University and a Bachelor of Science degree in Mechanical Engineering from Mercer University, where he currently serves as a Director on the National Engineering Advisory Board.
